Testimonies

“A program recommended for every community member...”

“Mr. & Mrs. Dasher have strategically designed a curriculum to meet the academic, emotional, and situation needs of students. Their understanding of the “common sense” needs of students have been an asset to our school and the academic growth of our students... Teachers are pleased to see increased comprehension in note taking skills, greater responsibility for learning, and an increase in personal confidence.” P. King, Principal, Urbita Elementary School, San Bernardino, CA

Veteran of the United States Navy

*Chaplains Carlton & Kerry Dasher
Founders*

Trends of family life indicate a decline; single-parent households growing through divorce and non-committal; underlying societal influences of mind-sets, lack of knowledge and identity are influencing behaviors and contributing to purposelessness, more fear, disrespect, identity crisis, toxic emotions, mental/relational/learning issues, overwhelming diagnoses of ADHD, Bipolar disorders, substance abuse, and violence/homicide/suicides; effecting the value and regard for life, family relationships, financial turmoil, teenage pregnancies/abortions, sickness and disease. The cause: what people are unconsciously thinking because of a lack of knowledge and want for what is true. Truth. Love. Acceptance, personal value and significance. Everyone needs these in their living environments, yet, these virtues must be learned/discovered, and cultivated. Lack of Truth principles and genuine love severely impacts communities at every level.

In collaboration, A BOH is providing healing and restoration to community

members and families; and providing all the opportunity to acquire new thoughts and ways.

The Founders, through their own life experiences, have discovered a proven strategy that will guarantee success for all who will apply and use them. There is no secret, Learn what works and apply it.

Teacher's Testimony:

"Damian has shown tremendous growth this year in his subject areas. He is self-disciplined in the enhancement of his skills, committing to staying after school every night to improve his reading." B. Minor, Litchfield Park, AZ

Parent Testimony

"We are foster parents... Trinity's Learning Resource Center's program taught and reinforced self-discipline, respect, and self respect qualities that our daughter successfully incorporated into her everyday life. She had a successful school year and received really good grades. Additionally, she integrated into our family exceptionally well in large part to Trinity's Life Skills Program." Robert and Raquel W.*
